SUMMARY

PLAN INTRODUCTION

UNITED STATES STEEL CORPORATION DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN

United States Steel Corporation ("U. S. Steel" or "USS") is pleased to send you this prospectus describing the United States Steel Corporation Dividend Reinvestment and Stock Purchase Plan (the "Plan"). The Plan provides a simple and convenient method to make an initial investment in U. S. Steel, purchase additional shares of U. S. Steel common stock and to have cash dividends automatically reinvested.

IF YOU ARE ALREADY PARTICIPATING IN THE PLAN, NO ACTION IS REQUIRED.

Some of the significant features of the Plan include:

- -- Enrollment through initial direct stock purchase.
- -- Purchases through the reinvestment of quarterly dividends of up to \$15,000 (more with permission of U. S. Steel).
- -- Purchase of Shares through optional cash investments (minimum \$50) up to \$10,000 per month (more with permission of U. S. Steel).
- -- Option of monthly investment through automatic bank debits.
- -- Optional cash investments generally invested within a week of receipt.

damages. The plaintiff, an Indiana resident, alleged he was exposed to asbestos while working as a U. S. Steel employee at our Gary Works in Gary, Indiana from 1950 to 1981 and that he suffers from mesothelioma $\hat{\mathbf{e}}\mathbf{v}$ s

Our operations consume large amounts of energy and we consume significant amounts of natural gas. Domestic natural gas prices increased from an average of \$2.74 per million BTU in 1999 to an average of \$5.86 per million BTU in the first ten months of 2003. At normal annual consumption levels (including the National Steel assets), a \$1.00 per million BTU change in domestic natural gas prices would result in an estimated \$80 million change in our annual domestic pretax operating costs without taking into account the effect of any hedging. Due to the volatility of natural gas prices, which in recent years have reached historically high levels, we may hedge part of our natural gas purchases from time to time. Hedging programs will affect our energy costs.

ENVIRONMENTAL COMPLIANCE AND REMEDIATION COULD RESULT IN SUBSTANTIALLY INCREASED CAPITAL REQUIREMENTS AND OPERATING COSTS.

Our domestic businesses are subject to numerous federal, state and local laws and regulations relating to the protection of the environment that could result in substantially increased capital, operating and compliance costs. These laws are constantly evolving and becoming increasingly stringent. The ultimate impact of complying with existing laws and regulations is not always clearly known or determinable because regulations under some of these laws have not yet been promulgated or are undergoing revision. We are also involved in a number of environmental remediation projects at both former and present operating locations and are involved in a number of other remedial actions under federal and state law. Our worldwide environmental expenditures were \$230 million in 2002, \$231 million in 2001 and \$230 million in 2000. For more information see "Management's Discussion and Analysis of Environmental Matters, Litigation and Contingencies" in our Annual Report on Form 10-K for the year ended December 31, 2002, our Quarterly Report on Form 10-Q for the quarter ended September 30, 2003 and subsequent fillings.

The specific impact on each competitor may vary, depending upon a number of factors, including the age and location of operating facilities, production processes (such as a mini-mill versus an integrated producer) and the specific products and services it provides. To the extent our competitors, particularly foreign steel producers and manufacturers of competitive products, are not required to undertake equivalent costs, our costs could be higher and, accordingly, we could be at a disadvantage in the market with respect to such competitors.

USSK is subject to the laws of the Slovak Republic. The environmental laws of the Slovak Republic generally follow the requirements of the European Union (EU), which are comparable to U. S. standards. USSK's capital spending commitments include significant expenditures for environmental equipment to bring it into compliance with EU environmental regulations. We believe these projects, most of which will be completed during the next 12-24 months, will result in USSK being in compliance with those requirements.

USSB is subject to the laws of the Union of Serbia and Montenegro. The environmental laws of the Union of Serbia and Montenegro are currently more lenient than either the EU or U. S. standards, but this is expected to change over the next several years in anticipation of possible EU accession. A portion of the \$150 million we committed to spend in connection with USSB's Serbian acquisition is expected to be used for environmental controls and upgrades.

OUR RETIREE EMPLOYEE HEALTH CARE AND RETIREE LIFE INSURANCE COSTS ARE HIGHER THAN THOSE OF MANY OF OUR COMPETITORS.

We maintain defined benefit retiree health care and life insurance plans covering most of our domestic employees upon their retirement. U. S. Steel's underfunded benefit obligations for retiree medical and life insurance increased from \$1.8 billion at year-end 2001 to \$2.6 billion at year-end

2002. U. S. Steel estimates its underfunded benefit obligation at year-end 2003 will be \$2.6 billion. Other postretirement benefit expense is expected to increase to approximately \$180 million in 2003, excluding one-time charges of approximately \$65 million related to workforce reductions.

These estimates are forward-looking statements. Factors that may affect the amount of other post-retirement benefit expense include, among other things, investment performance, medical cost inflation, liability changes and interest rates.

OUR RETIREE EMPLOYEE HEALTH CARE AND RETIREE LIFE INSURANCE COSTS WILL BE PAID OUT OF CORPORATE CASH FLOW STARTING IN 2004.

Payments for retiree medical and life insurance in 2002 and 2001 totaled \$212

The re-measurement of our union pension plan that was required to reflect the workforce reduction, increased the net charge against equity to \$927 million. During the fourth quarter of 2003, U. S. Steel intends to merge its two major defined benefit pension plans. Because of this merger, pension accounting rules may require that U. S. Steel increase the additional minimum liability that was recorded at September 30, 2003. This increase would result in an additional non-cash net charge against equity, which is currently estimated in a range of \$500 million to \$600 million. The actual amount of such charge will be determined based upon facts and circumstances on the measurement date and the result could be materially different from the foregoing estimate. Such differences could range from a reversal of the \$927 million net charge against equity to a cumulative charge against equity of \$1.4 to \$1.5 billion. These entries will have no impact on income. These charges against equity would result in an increase in federal and state deferred tax assets, which management will assess to determine if such assets may be realized. Should a valuation allowance be required, the upper range of the cumulative charge against equity could increase from \$1.5 billion discussed above to as much as \$2.5 billion, representing an increase of as much as \$1 billion related to a valuation allowance for the full or partial effects of the plan merger and the tax benefit included in the net charge as of September 30, 2003.

The foregoing estimates are forward-looking statements. Predictions as to the value of and return on plan assets and the resulting impact on equity are subject to substantial uncertainties such as (among other things) investment performance and interest rates.

DOMESTIC COMPETITORS EMERGING FROM BANKRUPTCY HAVE LOWER COSTS THAN OURS.

Since 1998, more than 30 domestic steel companies have sought protection under Chapter 11 of the United States Bankruptcy Code. Many of these companies have continued to operate with lower costs. Some have reduced prices to maintain volumes and cash flow and obtained concessions from their labor unions and suppliers. Upon emergence from bankruptcy, these companies, or new entities that purchase their facilities through the bankruptcy process, may be relieved of many environmental, employee, retiree and other obligations.

10

OUR INTERNATIONAL OPERATIONS EXPOSE US TO UNCERTAINTIES AND RISKS FROM ABROAD, WHICH COULD SIGNIFICANTLY REDUCE OUR RESULTS OF OPERATIONS AND CASH FLOWS.

The sale prices, costs of selling receivables and amounts available under our accounts receivable program fluctuate due to factors that include the amount of eligible receivables available, costs of commercial paper funding and our long-term debt ratings. The amount available under our secured inventory facility fluctuates based on our eligible inventory levels.

We are currently in compliance with the terms of our outstanding indebtedness.

1 2

"CHANGE IN CONTROL" CLAUSES MAY REQUIRE US TO IMMEDIATELY PURCHASE OR REPAY DEBT.

Upon the occurrence of "change in control" events specified in our Senior Notes, inventory facility and various other loan documents, the holders of our indebtedness may require us to immediately purchase or repay that debt on less than favorable terms. We may not have the financial resources to make these purchases and repayments, and a failure to purchase or repay such indebtedness would trigger cross-acceleration clauses under the Senior Notes and other indebtedness.

OUR BUSINESS, FINANCIAL CONDITION, RESULTS OF OPERATIONS AND CASH FLOWS COULD BE MATERIALLY ADVERSELY IMPACTED BY STRIKES OR WORK STOPPAGES BY OUR UNIONIZED EMPLOYEES.

Strikes or work stoppages and the resulting adverse impact on our relationships with our customers could have a material adverse effect on our business, financial condition and/or results of operations and cash flows. In addition, mini-mill producers and certain foreign competitors and producers of comparable products do not have unionized work forces. This may place us at a competitive disadvantage.

Substantially all hourly employees of our domestic steel, coke and taconite pellet facilities are covered by a collective bargaining agreement with the United Steelworkers of America that expires in September 2008 and includes a no-strike provision. Other hourly employees (for example, those engaged in transportation activities) are represented by the United Steelworkers of America and other unions.

The majority of USSK employees are represented by a union and are covered by a collective bargaining agreement that expires in February 2004.

The majority of USSB employees are represented by two trade unions and are covered by a collective bargaining agreement that expires in November 2006.

PROVISIONS OF DELAWARE LAW, OUR GOVERNING DOCUMENTS AND OUR RIGHTS PLAN MAY MAKE A TAKEOVER OF USS MORE DIFFICULT.

CeRtain Provisions of DelawèèèCUMENment that i

concerning future events and (2) information currently available to management. Readers are cautioned not to put undue reliance on those forward-looking statements, which are not a guarantee of performance and are subject to a number of uncertainties and other facts, many of which are outside our control, that could cause actual events to differ materially from those statements. All statements other than statements of historical facts included in this prospectus and the documents incorporated herein by reference, including those regarding our future financial position, results of operations, cash flows and costs, and those regarding our business strategy and growth opportunities, are forward-looking statements. Although we believe that our expectations reflected in those forward-looking statements are reasonable, we cannot assure you that these expectations will prove to be correct. Important factors that could cause actual results to differ materially from our expectations, in addition to those factors disclosed under "Risk factors" beginning on page 4 of the attached prospectus, and in our SEC filings described under "Documents Incorporated by Reference" on page 30 of this prospectus, include:

- prices and volumes of our sales of steel products:
- levels of imports of steel products into the United States;
- general economic and financial market conditions;
- ability to finance our future business requirements through internally generated funds and available external financing sources; and
- the extent to which we are successful in implementing our consolidation strategy.

These forward-looking statements represent our judgment as of the date of this prospectus. All subsequent written and oral forward-looking statements a:ic whice

returning a completed authorization form to the General Administrator. Authorization forms are mailed automatically once shares are registered in your name. (See Schedule II for information about fees and Schedule III for information about the Administrators.)

</Table>

ster ter r

form. The forms will be acted upon as soon as possible after they are received, and you can discontinue this feature by notifying the General Administrator.

Shares of U. S. Steel common stock may be included in the Plan for dividend reinvestment purposes if they are (i) purchased for you through the Plan and held by an Administrator, (ii) deposited by you for safekeeping in the Plan, or (iii) held by you in certificate form; provided, however, for any such shares to be included in the dividend reinvestment portion of the Plan, you must (a) have an open Plan account and (b) except in the case of transfers (see "Gifts, Transfers and Pledges of Shares"), have submitted a valid authorization form identifying the shares to participate in the Plan's dividend reinvestment feature

You can change your dividend reinvestment election at any time by notifying the General Administrator.

- -- OPTIONAL AND INITIAL CASH INVESTMENTS

OPTIONAL CASH INVESTMENTS. As a Plan participant, you can purchase additional shares of U. S. Steel common stock by using the Plan's optional cash investment feature. Dividends on these additional shares will be invested according to your current Plan dividend reinvestment instructions (you may change your instructions at any time). Unless otherwise instructed, the General Administrator will automatically assume that distributions on any additional shares are to be reinvested and retained in the Plan.

INITIAL CASH INVESTMENTS. You do not need to be a current Plan participant or a current U. S. Steel common stock shareholder to purchase shares through the Plan. You can become a shareholder and a Plan participant by purchasing your initial shares through the Plan and, unless you instruct the Initial Purchase Administrator otherwise, dividends on your initial shares will be automatically reinvested in shares of U. S. Steel common stock.

- -- INVESTMENT METHODS

Shares can be purchased by check or through automatic withdrawal from your bank account:

- O BY CHECK. You can make optional and initial cash investments by sending a check, payable to the appropriate Administrator (see Schedule III), and the appropriate form. DO NOT SEND CASH.
- O BY AUTOMATIC WITHDRAWAL FROM YOUR BANK ACCOUNT. If you wish to make regular monthly purchases, you can authorize an automatic monthly withdrawal from your bank account by completing the reverse side of the authorization form. This feature enables you to make ongoing investments without writing a check. Funds will be deducted from your bank account on, or shortly after, the fifth day of each month. If this date falls on a bank holiday or weekend, funds will be deducted on, or shortly after, the next business day. Please allow up to six weeks for the first automatic monthly withdrawal to be initiated. You must notify the General Administrator in writing to change or terminate automatic withdrawal.

Because funds will normally be invested on Friday of each week, funds from checks received after 2:00 p.m. (Eastern Time) on Thursday will normally be invested on Friday of the following week. INTEREST WILL NOT BE PAID ON AMOUNTS HELD PENDING INVESTMENT. Shares purchased pursuant to a check may not be sold or withdrawn from the Plan for a period of 14 days from the purchase date of the shares. A fee will be assessed for a check that is returned for insufficient funds (See Schedule II, "Plan Service Fees").

You can sell any number of shares held by an Administrator, Held Shares, in your Plan account by notifying the General Administrator. The General Administrator will endeavor to arrange sales weekly on Friday, provided that it has been advised of such sale no later than 2:00 p.m. (Eastern Time) of the preceding day. If Friday is not a business day or, if for any reason the General Administrator cannot facilitate the sale of your shares, the General Administrator will endeavor to arrange for the sale of the shares on the preceding day or the next day that its office and the NYSE are open. The sale price will be the weighted average price of all Plan shares sold on that sale date for Plan participants. You will receive the proceeds of the sale less (i) any applicable fee (See Schedule II, "Plan Service Fees") and (ii) any required tax withholdings.

YOU WILL NOT BE ABLE TO PRECISELY TIME YOUR SALES THROUGH THE PLAN AND WILL BEAR THE MARKET RISK ASSOCIATED WITH FLUCTUATION IN THE PRICE OF U. S. STEEL COMMON STOCK. That is, if you send in a request to sell shares, it is possible that the market price of U. S. Steel common stock could go down or up before your shares are sold. In addition, you will not earn interest on a sales transaction.

You can choose to sell your shares through a stockbroker of your choice, in which case you should request a certificate for your shares from the General Administrator. Allow two weeks for delivery of the certificate. (See "Issuance of Certificates" on page 27.)

SAFEKEEPING OF YOUR STOCK CERTIFICATES AND BOOK ENTRY

Any participant in the Plan may use the Plan's "safekeeping" service to deposit U. S. Steel common stock certificates, whether or not dividends are reinvested. Safekeeping is beneficial because you no longer bear the risk and cost associated with the loss, theft, or destruction of stock certificates.

25

With safekeeping, you have the option of reinvesting all, a portion or none of your dividends. You may also take advantage of the sale of shares feature of the Plan. If you decide you no longer want to use the safekeeping service, a certificate will be issued upon request. (See "Issuance of Certificates" on page 27.)

To use the safekeeping service, send your certificates to the General Administrator by registered mail with written instructions to deposit them for safekeeping. At the time of mailing, the shares should be insured for approximately 2% of the value of the shares. Do not endorse the certificates or complete the assignment section. The address of the current General Administrator is in Schedule III, attached hereto.

Your shares of U. S. Steel common stock that are held by an Administrator will be maintained in your Plan account for safekeeping in book entry form. You will receive a quarterly statement detailing the status of your holdings.

shares held by an Administrator, Held Shares, may take as long as two weeks to be certificated and mailed to you after our receijyiyi e safe r

discretion, may elect another investment option by providing written notice to the General Administrator. If you participate in dividend reinvestment and you request to either (a) transfer all of your shares or (b) make a partial sale and transfer the balance of your shares between the ex-dividend and the dividend record date, the processing of your request may be held until after your Plan account is credited with reinvested dividends. This holding period could be as long as three weeks.

To transfer shares, you must have your signature guaranteed by a financial institution participating in the Medallion Guarantee Program (generally a broker or a bank). The Medallion Guarantee Program ensures that the individual signing the certificate or stock power is in fact the registered owner.

Held Shares may not be pledged and any such purported pledge shall be void. If you want to pledge your shares, you must first request that such shares be certificated and delivered to you (see "Issuance of Certificates", below).

If you need additional assistance, please call the General Administrator.

26

ISSUANCE OF CERTIFICATES

If you wish to withdraw from the Plan at any time, a certificate may be issued to you for all whole shares held in the Plan for you by the General Administrator. Any fractional shares in the account will be cancelled and a check for the proceeds (less applicable fees) will be issued and mailed to you. Your Plan account will be closed.

You may also have a certificate issued for whole shares without removing those shares from Plan participation. Dividends, for your certificated shares and any remaining Held Shares will continue to be reinvested in U. S. Steel common stock unless the General Administrator is specifically advised to discontinue reinvestment.

Certificates will be issued in the name(s) under which the Plan account is registered, unless otherwise instructed. If the certificate is to be issued in a name other than your Plan account registration name, the signature on the instructions or stock power authorizing the issuance must be guaranteed by a financial institution participating in the Medallion Guarantee Program, as described above. You should receive your certificate approximately two weeks from our receipt of your request.

TRACKING YOUR INVESTMENTS

The General Administrator will mail you a quarterly statement showing all transactions (shares, amounts invested, purchase prices) for your Plan account including year-to-date and other Plan account information. Supplemental statements or notices will be sent when you make an initial or optional cash investment or a deposit, transfer or withdrawal of shares.

PLEASE RETAIN YOUR STATEMENTS TO ESTABLISH THE COST BASIS OF SHARES PURCHASED UNDER THE PLAN FOR INCOME TAX AND OTHER PURPOSES AND TO AVOID PLAN ACCOUNT RESEARCH FEES.

You should notify the General Administrator promptly of any change in address since all notices, statements and reports will be mailed to your address of record.

U.S. FEDERAL INCOME TAX INFORMATION

Cash dividends reinvested under the Plan will be taxable as having been received by you even though you have not actually received them in cash. Any Discount on cash purchases and any Discount on dividend reinvestments is treated as a dividend to the shareholder. You will receive an annual statement from the General Administrator indicating the amount of reinvested dividends and Discounts reported to the U.S. Internal Revenue Service as dividend income. The statement will also reflect any trading fees paid by U. S. Steel on your behalf for purchases of shares.

You will not realize gain or loss for U.S. Federal income tax purposes upon deposit of shares into the Plan or the withdrawal of whole shares from the Plan. You will, however, generally realize gain or loss upon the sale of shares (including the receipt of cash for fractional shares) held in the Plan.

Plan participants who are non-resident aliens or non-U.S. corporations, partnerships or other entities generally are subject to a withholding tax on dividends paid on shares held in the Plan. The General Administrator is required to withhold from dividends paid the appropriate amount determined in accordance with U.S. Treasury regulations. Any applicable withholding tax may be determined by treaty between the U.S. and the country in which such participant resides. Accordingly, the amount of any dividends, net of the applicable withholding tax, will be credited to participant Plan accounts for the investment in additional common stock.

27

The above summary is not a comprehensive summary of all of the tax considerations that may be relevant to a participant in the Plan. Therefore, you are urged to consult your tax advisors regarding the consequences of participation in the Plan.

MISCELLANEOUS

- -- VOTING OF PROXIES

A proxy card will be mailed to you for all shares in your Plan account. Your shares will be voted as indicated by you. If you do not return the proxy card or if you return it unsigned, none of your shares will be voted.

- -- RESPONSIBILITY OF THE ADMINISTRATORS AND U. S. STEEL

NEITHER U. S. STEEL NOR ANY ADMINISTRATOR NOR ANY AGENT WILL BE LIABLE FOR ANY ACT THEY DO IN GOOD FAITH OR FOR ANY GOOD FAITH OMISSION TO ACT. This includes, without limitation, any claims of liability for:

- O failure to terminate your Plan account upon your death prior to receiving written notice of such death; or
- O purchases or sales prices reflected in your Plan account or the dates of purchases or sales of your Plan shares; or
- O any fluctuation in the market value after purchase or sale of shares.

NOTWITHSTANDING THE FOREGOING, WE SHALL NOT BE RELIEVED FROM ANY LIABILITY IMPOSED UNDER ANY FEDERAL, STATE OR OTHER APPLICABLE SECURITY LAW THAT CANNOT BE WAIVED.

NEITHER U. S. STEEL NOR ANY ADMINISTRATOR CAN ASSURE YOU A PROFIT OR PROTECT YOU AGAINST A LOSS ON THE SHARES YOU PURCHASE UNDER THE PLAN.

- -- DIVIDENDS

The terms of U. S. Steel's indebtedness limit the ability of U. S. Steel to pay dividends. Subject to these limitations, the declaration of dividends on U. S. Steel common stock is at the discretion of U. S. Steel's board of directors and will be declared and paid after consideration of various factors, including, without limitation, the earnings and financial condition of U. S. Steel. The board of directors of U. S. Steel has the right to change the amount of dividends at any time.

- -- PLAN MODIFICATION OR TERMINATION

U. S. STEEL RESERVES THE RIGHT TO SUSPEND, MODIFY OR TERMINATE THE PLAN AT ANY TIME. You will receive notice of any such suspension, modification or termination. U. S. Steel and any other Administrator also reserve the right to change any and all administrative procedures and costs/fees associated with the Plan.

- -- CHANGE OF ELIGIBILITY OR TERMINATION

You will remain a participant of the Plan until you withdraw from the Plan or the Plan is terminated. U. S. Steel reserves the right to deny, suspend or terminate participation by a stockholder who is using the Plan for purposes inconsistent with the intended purpose of the Plan. In such event, the General Administrator will notify you in writing and will issue a certificate to you.

If the number of shares on which dividends are reinvested falls below one share, your participation in the Plan may be automatically terminated and a check will be sent to you for any fractional share remaining.

It you live ontside of the U. S., you should first determine if there are any deficient when the state of the laws or governmental regulations that would prohibit your participation in the Plan. U. S. Steel reserves the right to terminate participation of any stockholder if it deems it advisable under any foreign laws or regulations.

- -- INTERPRETATION

U. S. Steel may adopt rules and regulations to facilitate the administration of the Plan. Any question of interpretation under the Plan will be determined by U. S. Steel and any such determination will be final.

The Plan, all related forms and your Plan account shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania and cannot be modified orally.

USE OF PROCEEDS

We will receive no proceeds when we use common stock purchased on the open market for the plan. When we use original issue common stock for the plan, we will use the proceeds for general corporate purposes.

PLAN OF DISTRIBUTION

Except to the extent an Administrator facilitates the purchases of U. S. Steel common stock ("Common Shares") in open market transactions, the Common Shares acquired under the Plan will be sold directly by U. S. Steel through the Plan. U. S. Steel may sell Common Shares to owners of shares (including brokers or dealers) who, in connection with any resales of such shares, may be deemed to be underwwhters. In connection with any such transaction, compliance with Regulation M under the Securities Exchange Act of 1934 would be required. Such shares, including shares acquired pursuant to waivers granted with respect to the initial or optional cash purchase feature of the Plan, may be resold in market transactions (including coverage of short positions) on any national securities exchange on which Common Shares trade or in privately negotiated transactions. The Common Shares are currently listed on the NYSE. Under certain cirhsmhswances, it is expect More ou hed wihe NYWmors Shares aloeAct of Itain

salaries by U. S. Steel, participate in various employee benefit plans offered by U. S. Steel and own common stock of U. S. Steel.

and officers of the Corporation are insured, within the limits and subject to the limitations of the policies, against certain expenses in connection with the defense of actions, suits or proceedings, and certain liabilities which might be imposed as a result of such actions, suits or proceedings, to which they are parties by reason of being or having been such directors or officers.

The Corporation's Certificate of Incorporation provides that no director shall be personally liable to the Corporation or its stockholders for monetary damages for any breach of fiduciary duty by such director as a director, except (i) for breach of the director's duty of loyalty to the Corporation or its
