UNITED STATES STEEL ANNOUNCES \$300 MILLION SHARE REPURCHASE AUTHORIZATION AND REDEMPTION OF 2020 SENIOR NOTES

PITTSBURGH, November 1, 2018 – United States Steel Corporation (NYSE: X) announced today enhancements to its capital allocation strategy, which include a \$300 million share repurchase authorization and redemption of all of its outstanding 2020 Senior Notes.

“Today’s announcement is an important step as we execute our disciplined and balanced capital allocation strategy,” said David B. Burritt, President and CEO of U. S. Steel. “The repurchase program affirms our confidence and optimism in the long-term future of U. S. Steel and aligns with our commitment to create stockholder value. The strengthening of our balance sheet affords us the opportunity to return capital to our stockholders.”

Authorization of Share Repurchase Program

The Board of Directors has authorized a stock repurchase program under which up to \$300 million of the Company’s outstanding common stock may be acquired over the next two years at the discretion of management. The shares will be purchased from time to time at prevailing market prices, through open market or privately negotiated transactions, depending upon market conditions. Under the program, the purchases will be funded from cash on hand, and the repurchased shares will be held as treasury shares. There is no guarantee as to the exact number of shares to be

repurchased by the Company, and the Company may discontinue purchases at any time that management determines additional purchases are not warranted. As of October 26, 2018, the Company had approximately 177.3 million shares outstanding.

Redemption of 2020 Senior Notes

On December 3, 2018, the next business day after the redemption date, the Company will redeem for cash all of its outstanding 7.375% Senior Notes due in 2020 (the "Notes"), approximately \$356 million aggregate principal amount, at the redemption price of 100% of the principal amount thereof, plus a make-whole premium to be calculated as set forth in the applicable notice of redemption, plus accrued and unpaid interest, if any, to, but not including, the redemption date. This repayment of the Company's highest coupon notes is another step in solidifying the Company's balance sheet and improving the debt maturity profile. The redemption will be funded by a combination of cash on hand and repatriated borrowings under the new USSK credit facility entered into on September 26, 2018 and announced on October 2, 2018.

This press release is for informational purposes only and shall not constitute a notice of redemption of the Notes or an offer to purchase, or a solicitation of an offer to sell, any Notes or other securities.
