NOTES TO FINANCIAL STATEMENTS
December 31, 2005 and 2004

1. **Plan description** - The following description provides only general information regarding the United States Steel Corporation Savings Fund Plan for Salaried Employees (Savings Fund Plan), which covers substantially all domestic nonunion employees of United States Steel Corporation (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Summary Plan Description and the Plan Text for a complete description of the Plan. These documents are

- a. **Contributions** - Eligible employees may save from 1 percent to 16 percent of base salary (35 percent if

f. *Administrative expenses* – The Plan is responsible for the payment of all costs and expenses incurred in administering the Plan, including the expenses of the Plan Administrator, the fees and expenses of the

Trustee and other legal and administrative expenses. To cover these expenses, the Plan Administrator shall utilize the following sources in the priority listed: (1) fees received from any fund provider to reimburse the Plan Administrator for services provided by the Plan Administrator which would otherwise have been provided by the fund provider; (2) loan origination fees; (3) voluntary contributions from employees

9. *Investment contracts with Insurance Company* – Through June 30, 2004, certain deposits to the Group Interest Fund (GIF) were invested with one or more insurance companies and/or financial institutions on a competitive bid basis pursuant to contracts by which each company or institution agrees to pay a fixed rate of interest over the term of the contract. Separate contracts for a portion of invested funds are negotiated

periodically, and since the rates of interest and contract length may vary, the effective rate of return at any time will depend primarily on the composite weighted average of all contracts in effect at the time and not on the

contract rate or rates for the particular year in which the participant's savings were deposited. Also affecting the rate of return are the amount of receipts, the net effect of investment transfers and the amount of withdrawals, rollovers and loans during the year. Funds from maturing contracts are invested in the Fidelity Managed Income
